Dear Sirs:—I sprained my back last July so bad that I could hardly walk. I got a bottle of your "Goose Grease Liniment" and after a few rubbings I was entirely cured, and have not been troubled since. I consider it the best liniment I ever used. A. MAX, The Clothier.

Goose Grease Liniment Co., Greensboro, N. C.:
Gentlemen:—We used some of your liniment on a badly cut hand of one of our pressmen. When applied not a finger of the wounded hand could he move. In five hours he could use them and there was no soreness left. As a liniment it is ahead of anything we have tried. REECE & ELAM,

THE QUEEN DISTRUSTFUL.

LETTERS TO SALISBURY ON THE SITUATION IN INDIA.

The Matter of Widows' Pensions Taken Up--The Queen Off For Balmoral.

By Cable to THE TELEGRAM.

LONDON, Aug. 21.—The bad weather and many sharp thunder storms that have prevailed during the past week have found London emptied of the fashionable throng that makes life gay in all sorts of weather.

Rotten Row is deserted and many of the leading clubs are closed, for the overhauling that is usual between seasons.

The Queen will probably start for her palace at Balmoral some time next week, accompanied by the Princess Henry. She has written two long letters to Premier Salisbury in regard to the tribal uprisings in India. She expresses distrust of the Ameer of Afhanistan and doubts the sincerity of his protestations of friendliness.

The Queen will immediately take up the subject of widows' pensions upon reaching Balmoral. This measure provides for a pension for every deserving widow who has reached the age of seventy-five years and is in need of help.

AZCARRAGA WILL CALL CORTES.

Announces that He is the Head of the Government

By Cable to THE TELEGRAM.

SAN SEBASTIAN, Aug. 21.—General Azcarraga, Premier and Minister of War, has decided to convoke the Cortes in November. He announces that he is in accord with General Weyler, but reserves the right to make further examination of the Cuban situation. In conclusion the Premier proclaims himself as being the head of the government and not the leader of any party.

MORE STRIKERS IN THE TOILS.

Five Men Lodged in Jail for Contempt of Court.

By Wire to THE TELEGRAM.

PITTSBURG, Aug. 21.—Five men were arrested at four o'clock this morning, while a party of strikers were marching to the Plum Creek mine to induce the miners to come out. The men arrested were brought to Allegheny county jail, at Pittsburg, where they will be held to answer for contempt of the order of the court. This increases the number of strikers arrested to more than two hundred.

All the second cabin passengers and the ship's crew have been taken to Hoffman Island to await a diagnosis of the patient's case.

Corn is Also Beginning to Feel the General Boom.

By Wire to THE TELEGRAM.

Corn also is begining to indicate a boom.

GUILFORD COLLEGE.

Interesting Items from That Famous Institution of Learning.

Special to THE TELEGRAM.

GUILFORD COLLEGE, Aug. 21.—The Friends' Bible Institute, which has been in session here, has closed. There were several ministers and Bible workers from different parts of the country in attendance, among whom were J. Watson Malone, of Cleveland, O.; Wm. Pinkham, of Rhode Island.

Guilford opened on the 17th with the most brilliant prospects. The number enrolled is very encouraging and increasing daily.

The work on Science Hall is rapidly progressing. The completion of this building will add much to the scientific department of the building. In this building will be large and well equipped laboratories for biology, chemistry and physics. Also, ample provision will be made for Guilford's already large museum. Besides these the president will have his office in the building, and also a large auditorium, which will seat 800 or 900 people, is provided.

King of Siam Goes to Brussels.

By Cable to THE TELEGRAM.

LONDON, Aug. 21.—The King of Siam has concluded his visit to England and today started for Brussels.

A Thrill of Horror in Europe.

LONDON, Aug. 20.—The correspondent of the Daily Chronicle in a letter from Cuba, tells of further cruelty and distress in that island. He says the pacificos are dying by the hundreds, their bodies tainting the air close to a Spanish fort.

The Chronicle's correspondent continuing, remarks that a private letter has been received at Havana from Senor Sagasta, the Liberal leader in Spain, in which he says:

"The atrocities are raising a thrill of horror in Europe and I fear it is impossible to make fresh loans, without which we cannot retain Cuba."

The correspondent further says: "Germans are buying the devastated estates at a nominal sum and intend to go extensively iuto planting, abandoning sugar. This will directly concern the United States and French sugar trusts and will probably lead to extensive sugar growing in Georgia and Florida."

Waylaid and Shot.

RICHMOND, Va., Aug. 20.—Near Cave Springs, Roanoke county, yesterday afternoon, Basil Ridgeway shot with a double barreled shot gun and probably mortally wounded Jas. Smithers.

There had been bad blood between the two men for some time, and the shooting was deliberate, as Ridgeway waited on the roadside for his victim.

TOBACCO FAIR FOR WINSTON.

IT WILL BE HELD DURING THE MONTH OF NOVEMBER.

The Local Association Met Yesterday Afternoon to Take Action--Much Enthusiasm.

Special to THE TELEGRAM.

WINSTON, Aug. 21.—The Winston Tobacco Association met yesterday afternoon in a called meeting, to take action in regard to the holding of a tobacco fair here some time this fall. The meeting was largely attended by men representing all departments of the tobacco trade, and every one present seemed deeply interested in the proceedings of the association, and it was evident from the good feeling that prevailed, and the earnestness and enthusiasm that characterized the meeting that the tobacco fair is already a success.

The association was called to order by President E. C. Edmunds, who asked Col. A. B. Gorrell to explain the object of the meeting. Col. Gorrell took occasion in his remarks to impress upon the Association the importance of the question which had called the tobacco men together, and closed by making a motion that a tobacco fair be held in Winston some time during the month of November. After Messrs. J. W. Hanes, M. Follin, M. D. Baily and T. L. Vaughn had made earnest speeches in support of the motion, it was adopted by a rising vote.

After some discussion as to the most advisable plan of proceeding, it was decided to proceed with the election of president, secretary and treasurer.

Col. A. B. Gorrell was placed in nomination for president and unanimously elected. Garland E. Webb was elected secretary and T. L. Vaughn treasurer.

The Fair Association adjourned and the executive committee at once proceeded to work.

Postponed.

A union meeting of all the young peoples' religious societies of the city was to have been held in West Market Street Methodist church next Monday evening, but it has been postponed a week and will be held on the 30th.

Sewer Connected.

The work on the sewer connection on West Sycamore street will be completed this afternoon. Good time has been made on this job of work.

Opened Well.

We learn that Oak Ridge Institute opened Thursday with 135 students.

This is the largest opening this excellent school has ever had.

Joseph Bamford, Jr., secretary of the Bamford Bros. Silk Manufacturng Company, who has been here some days looking after the silk factory, left on the vestibule last night for Pittsburgh, Pa., where he goes to start up another silk factory.

Miss Mary Boyd, of Reidsville, passed through the city today on her return from a visit to Mt. Airy.

J. M. Millikan went over to Asheboro this morning to spend Sunday with his family.

We call attention to Wharton and McAlister's new ad in today's issue.

Captain Kidd Redivivus.

VALETTA, Island of Malta, Aug. 20.—Information has just been received here to the effect that the Italian bark Fiducia, Captain Razelo, from Pasigoula, on June 4, for Marseilles, was spoken on August 16, in latitude 36:04; and reported having been boarded August 15, abreast of Cape Baba, by fourteen pirates, who fired into the crew, ransacked the vessel, stole the papers, charts, instruments, provisions and the clothing of the crew, cut the running gear and carried off the captain, boatswain and a seaman. The Fiducia was supplied with provisions and instruments by a pressing vessel and was thus enabled to proceed.

John Phillip Sousa, former leader of the United States Marine Band, will take a representative band of American musicians to England.

CONFIDENCE MEN AT WINSTON.

Two Negroes Playing a Shrewd Game on the Unwary.

The Winston Journal tells of a slick confidence game two "sporty" negroes are working on the outskirts of Winston-Salem.

The game they work is an old one, but one at which the unwary usually bite. Two of them meet a farmer and one has a deck of cards he proposes to sell to the countryman. Failing to make a trade, he pockets the cards, but in doing so, drops a card, of which he takes no notice, and goes on his way, leaving the other darkey talking with the farmer. Darkey No. 2 picks up the card and hides it, then calls darkey No. 1 back and offers to bet him the deck of cards is not a full pack. Of course No. 1 is ready to gamble on his deck and waves a ten dollar bill. No. 2 has only five dollars and proposes to join with the farmer and make it ten. Of course No. 1 has a full deck when the count is made, and the countryman is out five dollars.

A young colored man claims that he was held up by these fellows one day recently at the point of a pistol and relieved of his watch and a small amount of cash.

Yes, it Pays.

Last Thursday afternoon the Tom Rice Jewelry Company advertised in THE TELEGRAM six diamond rings for sale by 10 p. m. Saturday—today. Before 9 o'clock of the same night they had sold a diamond ring for $100 in response to the ad., and since then they have sold another. Comment is unnecessary.

By the way, they have one of the prettiest lots of diamonds we have ever seen. Go around and take a look at them.

Do You Ride a Wheel?

If so, look out for the ad. of Mr. Garland Daniel in Monday's TELEGRAM. He advertises a big cut in those most excellent wheels made by Gormully & Jeffrey Co.,—the "Rambler." Mr. Daniel is an all-round athlete as well as a fast man on a wheel. He knows what he is talking about when it comes to wheels, but he hasn't any in his head.

The Melons Were Green.

A Winston gentleman informs us that our penny-a-piece melon story of yesterday turns out to be a joke on the purchasers. The melons were green, having been collected from a number of loads in the city. The moral is: Suckers will always bite if the bait is fresh.

You can get the telegraphic news twelve hours earlier in THE TELEGRAM than in any paper that gets into Greensboro, and for four dollars a year less.

THERE is a great deal of talk in this State just now about a "fight on the old lines," which is about as definite as Senator Butler's Populist "policy." Why does not some valorous champion who is spoiling for a "fight on the old lines" tell us where the misery lies? If it is worth fighting for it is worth clear-cut expression; if it is not worth either then the less said about it the better. There has been a superabundance of fighting in this State for the glory of combat and—a piece of pie. If the tomahawk is to be exhumed give us the wherefore. The "old lines" have been somewhat blurred by the trampling of many feet to and fro; a little retracing will probably be necessary before the average tar heel can tell with any degree of certainty where he stands. It is by no means certain that one good twelve months devoted to judiciously curbing our pugnacity and augmenting our bank account would not be most satisfactory. A fight should be short and to the point.

IT is now semi-officially stated that the United States will interfere to end the nightmare horror in Cuba, if Spain does not take some more definite step toward ending it. In the name of humanity this country must be justifiable in putting an end to the atrocities. Whatever the timid may say about European coalitions against us in case of war with Spain, it is more probable that the civilized world would applaud us. It is sick of the whole pitiable business. When this country becomes too careful of its precious hide to put an end to such bloody tyranny as is grinding the life out of Cuba by inches, and at our very doors, it cannot matter very materially what happens to it. We have been loud in denunciations of the England for the Armenian affair; we have been patient enough in this Cuban business; it were well if we should end it once for all.

THE Cabarrus Populists have met and resolved that "we hereby serve notice to the world that no man, or set of men, can remain in our party and fight its principles." Now we have the word with the bark on it. There will be a sound of razors agrinding and a noise of being kicked down back stairs and the hoots of the victor and the groans of the vanquished, some day, somewhere. The Populist party in this State needs to fuse itself.

THE doctors have taken a mole off the Governor's cheek; there be those who insinute that if they had removed a part of his Excellency's "cheek" the improvement would have been very marked. It is odd, though, that the Chief Executive should be getting so squeamish about a little black spot.

THERE is reported to be a great demand in Greece for American wind mills. Here, indeed, is a "tide in the affairs men;" let some syndicate ship over Peffer and Tillman as samples.

SENATOR BUTLER and Railroad Commissioner Wilson, do not seem to find each other so satisfactory as did Damon and Pythias. When Pop meets Pop then comes the test of wind.

WILL Senator Hanna entertain orator Dancey, when he goes out to instruct the whitemen of Ohio how to vote? A page from the political history North Carolina has been making for the last few years will neutralize any sky-rocketing this gentleman of color may do.

WE see an explosion of dust has blown up several people out west. That is at least a change. We have always heard that the Westerner had a knack for blowing the "dust."

NEWS OF THE TAR HEEL STATE.

F. D. Winston, in his address at the masonic picnic at Rich Square yesterday, paid a high tribute to B. N. Duke for his donation to Oxford asylum and his remarks were received with much applause.

State Labor Commissioner Hamrick completes the compilation of mill statistics, and says there are 206 cotton, 55 woolen and two silk, total 223, with 1,030,000 spindles and 23,000 looms. Gaston leads in spindles, having 113,000: Mecklenburg, 84,000; Rutherford, 80,000. There are mills in 47 counties. Gaston leads in number of factories with 22, Alamance having 20, Randolph 18, Mecklenburg 16. Rutherford has the largest mill, with 74,000 spindles and 2,400 looms. Surry county has a third of all the woolen mills. The mill employing the most operatives is in Henrietta, in Rutherford, which has 350 men, 665 women and 345 children.—Correspondence of Charlotte Observer.

ABOUT BOOKS AND PERIODICALS.

[All books and magazines mentioned below may be had at Wharton's book store.]

ERANK Leslie's, for September, has, among other readable stuff, "The Historic Wallkill Valley" and an excellent "Cycle Touring in Ireland." The best thing in the number, however, is a sonnet, "The Pioneers," which has the double virtue of shadowing much truth and doing it poetically. Suggestive only of the highest, and is that not poetry?

***

THE Argosy has the usual Argosy menu—nothing but stories; and the stories are stories merely. It is the best exemplar of that class of periodical that panders, avowedly, to the morbid desire of the many to lose themselves in improbable or impossible plots. It is the "dime novel" of periodical literature. We can imagine circumstances where it would be pardonable to read, and enjoy, the Argosy.

***

THE Strand for September has, as usual, some very unique features, among them being "Some Unpublished Sketches," by George Criukshank. These rough sketches are oddly droll and some of them almost uncanny; the closing one of the series, for example, which the artist had variously titled, "Death on the Pale Horse," Boney's Return" and "The Pestilence." There is another entertaining paper in the series of "Behind the Speaker's Chairr" and the sixth on "Side Shows." There is the ordinary abundance of stories.

***

IN the September Demorest the leading paper, "The Richest College in America," brings out a fact not known to many perhaps—that Girard College, in Philadelphia, is the richest in the country. The history of this institution, founded in pure philanthropy by the eccentric old millionaire, makes interesting reading. It will be remembered that no ordained minister is ever allowed to hold services within its walls, though laymen may do so. It is said to have three million dollars more endowment than Harvard. In the story "A Woman of Fashion," the illustrations are very manifestly meant to be in the style of Du Maurier.

***

PEOPLE who are interested in the ships that sail the seas—and nearly everybody is in these days when wars and rumors thereof abound and the Jingo goes in search of scraps—will find the new "Marine Number" of Cassier's Quarterly Magazine a veritable mine of up-to-date nautical lore. While many of the articles are rather too technical for the laymen, the sharp contrast of past and present is so vividly brought out and the broad sweep of development in naval architecture is so clearly exemplified that the chronic landsman will find a perusal worth the while. The cuts and illustrations are beautifully clear and the masterpieces of the great shipbuilders, for peace or war, abound. Especially interesting and instructive is the paper on "Fast Torpedo Boats," in which the evolutions of these marine moles are traced by A. F. Yarrow. Very timely also is Sir Charles Dilke's, "The Naval Weakness of Great Brittain." The closing paragraph is so much a revelation that we quote: "Our fathers in 1813 spent far more money on their fleets than we do even now. They had over 147,000 fighting men under the admiralty at that time, although, in those days, in addition to the forces, large numbers of troops (and not marines) were employed upon expeditions sent by sea. They had an enormous reserve of merchant seamen of British race. The British merchant seamen of our day are dwindling in number, and whatever steps Mr. Goschen may take in 1897 towards supplying the deficiencies of our fleet, he will not, I fear, succeed in rapidly regaining for the country that confidence of the supremacy of her navy, which she desires to hold.."

Mortar Test in Charleston.

CHARLESTON, S. C., Aug. 19.—One of the mortar batteries in the new fort being erected on Sullivan's Island was tested today with satisfactory results. Each of the four mortars was fired once, and then they were fired together.

The firing was mainly for the purpose of testing the foundation upon which the battery rests. The target was stationed on Morris Island beach, four and one-half miles distant. It was semi-officially stated tonight that the test was satisfactory to the officers in charge.

To Succeed Senator George.

VICKSBURG, Miss., Aug. 19.—A numerously signed petition has been addressed to Governor McLaurin, asking him to appoint Hon. Patrick Henry, of this city, a silver Democrat, to the vacancy in the Senate, caused by the death of Senator George.

Milam Given a Hearing.

The formal hearing of the charges of fraud against John L. Milam, of Charlotte, who defrauded the S. A. L. out of a considerable amount of money recently, took place in Charlotte yesterday afternoon at 2 o'clock.

The News says that Milam was represented by Col. H. C. Jones and the surety company by Mr. P. D. Walker. Milam waived examination and his bond was fixed at &2,000. Mr. Joseph J. Lexington's Bicycle Meet.

The cyclists of Lexington are preparing for a big cycle meet at an early date. Riders from all the near-by towns have been invited, and a large crowd is expected. Garland Daniel will make an effort to get a crowd of our best riders to go down and take part in the races.

Mr. Daniel is in receipt of the following letter from A. A. Springs, Jr., in reference to prizes, etc:

"Yours to hand. In reply will say we can't just exactly say what we have in prizes to offer. We have written to several manufacturers and have just heard from the Rambler people, who offer us a complete set of G. & J. tires and rims. Have not heard from the balance, but will in course of two or three days. Beside the prizes awarded by manufacturers, we will give such prixes as cups, etc. We will have a nice line of prizes and promise a good meet.

"I will send you entry blanks in the next four or five days of each race and prize.

"We have a one-fourth track."

Excursion to Raleigh.

The Main Street Methodist Sunday School of Reidsville will run an excursion to Raleigh next Tuesday, the 24th.

The fare from Greensboro for the round trip is only $1.25. This is a cheap rate, and doubtless many will avail themselves of this opportunity of paying a visit to our State capital.

The Orphans Net $700.

Dr. N. M. Lawrence, of the Oxford Orphanage, says he has been out with the orphans three weeks and their outing has netted the orphanage near $700. About $500 of this amount came from the Mocksville picnic and the Winston excursion.

If other places had done no better by them than Greknsboro there would probably have been a deficit of near $700.

THE ORPHAN'S CONCERT.

A Small but Appreciative Audience Heard Them Last Night.

The chapter of orphans from the Oxford Orphan Asylum arrived in the city yesterday evening from Wilkesboro, where they gave a concert Friday night.

They are a bright and interesting lot of children, and are under the care of Superintendent N. M. Lawrence and one of the teachers, Miss Ethel Finlalator, a refined and intelligent young lady.

The concert they gave at the Academy of Music last night was highly enjoyed by those present.

It is to be regretted that so few of our people went out to hear them, for the cause is one which should appeal to the heart of everyone.

The Masons of North Carolina have done and are doing a grand work for the State in maintaining the asylum at Oxford. They deserve and should have the co-operation of all good people.

There are now 210 children at the asylum.

A Sad State of Affairs.

A Winston man received a letter from a business man of Laredo, Tex., yesterday, who does considerable business across the river in Mexico, and the writer says the business men of Mexico are on the verge of a panic on account of the rapid decline in silver. He says a Mexican merchant goes to sleep at night guessing what he will be worth when he wakes up on the morrow.

Returned.

The Asheville excursionists returned this afternoon about 1:45 o'clock, and report a fine trip. Everybody enjoyed themselves immensely.
